

## ***For all-round performance, it's the perfect fit***

Meet the fabulous VX Deluxe. Aggressive styling and stunning performance, alongside exceptional economy, long cruising range and a host of luxury features; all play their part in making your PWC adventures more enjoyable. But it is the all-round ability and versatility of the VX that has gained it such a loyal following among WaveRunner riders.

Features such as convex dual mirrors and Reverse add practicality - and attributes such as Yamaha's remote security system with "L" (low-RPM) mode, bring reassurance and peace of mind.

These are just some of the reasons the VX Deluxe is so popular among recreational riders. Why not discover its all-round performance for yourself?

- Water-cooled, 4-cylinder, 1052cc, DOHC, 20-valve
- Semi-V multi-chine hull
- New textured sports seat
- Remote security with "L"(low-RPM) mode
- Yamaha Engine Management System (Y.E.M.S.)<sup>®</sup>
- Suitable for cruising and a variety of watersports
- Hyper-Flow high pressure jet pump
- Yamaha Sound Suppression System (Y.S.S.S.)<sup>®</sup>
- Convex dual mirrors
- Handy glovebox with dual cup holder
- Automatic bilge system
- Reverse

## ***The fun just goes on and on***

Offering true affordability in 4-stroke watercraft, the VX series continues to entice successive generations of enthusiasts onto the water.

Featuring the most fuel efficient engines in the industry, agile handling and a range of great practical features, these are craft well suited to active watersports fun as well as to more relaxed riding activities. And with simple and clean lines, they're also designed for anyone who wants to spend less on fuel and more time on the water.

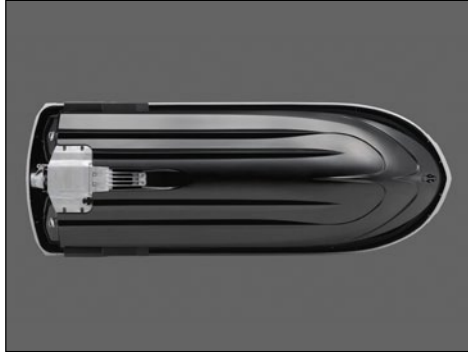

In fact, at their purest, VX series watercraft are quite simply an invitation to get out there and enjoy your time on the water.

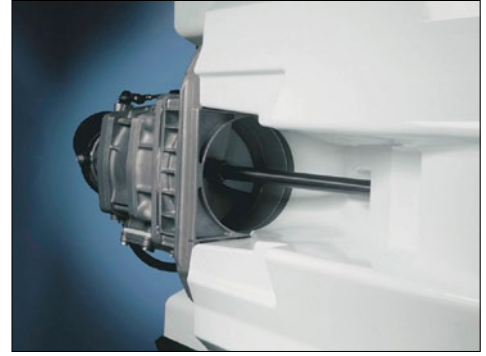

### Water-cooled 4-cylinder 1052cc DOHC 20-valve engine

With its ultra-smooth, progressive power, low noise levels, low fuel consumption and low emissions, the VX engine delivers everything modern riders want – and more, because the great combination of mean fuel economy with a 60L tank capacity gives unmatched cruising distance between fuel stops. So open up the throttle.

### Easy-handling hull

One of the secrets behind the popularity of the VX is its easy-handling hull shape, which goes where the driver points it, even in changing water conditions. The round keel delivers stability and comfort, with optimum balance and grip during cornering – the moment the VX takes off, you are instantly at one with this compact machine. Pure PWC fun.

### Hyper-Flow high-pressure jet pump

Unique technology lies behind the legendary WaveRunner reputation for exhilarating handling and exciting performance. Outstanding bite and acceleration are possible through the combination of a high-flow intake, the Hyper-Flow high pressure jet pump and a stainless steel impeller running within a precision engineered housing.

### New two-colour, textured sports seat

The new, ergonomically designed, two-tone seat is truly innovative. Perfect for exhilarating sports riding, its secure feeling and comfort will make you feel it's been custom-made for you. Towing waterskiers and wakeboarders is natural territory for the VX, so grab your friends and head out for some action.

### Hydro-Turf® mats and extended rear platform

The VX Deluxe welcomes you aboard with comfortable, slip-resistant Hydro-Turf® mats that offer optimum grip and outstanding durability. The wide rear platform and re-boarding step give you really easy access when enjoying the pleasures of wakeboarding, skiing, swimming or snorkelling.

### Easy-to-read multi-function digital meter

The specially designed meter provides a wide range of information in a clear, easy-to-read format. The tachometer keeps the rider informed about engine RPM, while fuel gauge and hour readouts keep track of the running time available. Warning functions are also integrated – so peace of mind comes as standard on the VX.

Engine	
Engine type	4-cylinder, 4-stroke, DOHC, 5-valves

### The Yamaha Chain of Quality

Yamaha technicians are fully trained and equipped to offer the best service and advice for your Yamaha product. For this reason, Yamaha strongly recommends visiting an official Yamaha dealer for all your service requirements. Yamaha Marine Parts & Accessories are especially developed, designed and tested for our Yamaha product range. Yamaha also recommends the use of Yamalube®. Yamalube® is our own range of high-tech lubricants, the lifeblood of Yamaha engines. They are developed to carry on working effectively, no matter where you drive.

Besides functional and style accessories, Yamaha offers a range of high quality, innovative boating gear. An extensive range of casual wear is also available. For more information go to:

All information in this brochure is given for general guidance only and is subject to change without prior notice. We should all exercise POWER WITH RESPONSIBILITY and help preserve the great sporting opportunities and enjoyment we all derive from our involvement with personal watercraft. You must recognise too, that your Yamaha WaveRunner is actually a boat, so please learn and follow all the rules of the sea and waterways, take professional instruction where possible, and obey local rules and regulations, which may differ greatly from area to area. The photographs featured show boats being driven by professionals and no recommendation or guidance in respect of safe operation or style of use is intended or implied by the publication of any of these images. Read all instruction materials carefully before setting out and ALWAYS wear recommended protective clothing and a life preserver or lifejacket when boating. NEVER DRINK AND RIDE.
