

## ***Explore your spirit of adventure***

With its luxurious new dark blue metallic cowling, stand-out performance and room for three people to ride in comfort, the entry-level VX Sport offers more than enough to tempt anyone onto the water for the first time.

High performance and miserly fuel economy are teamed up with Yamaha's legendary reliability in a clean, quiet, fuel-injected 4-stroke engine. The VX hull is agile and responsive, with confidence-giving handling, so the ultimate in ride comfort and turnkey reliability are assured.

Added extras on the VX include convex dual mirrors, an extended rear platform and a tow hook. For your first watercraft adventures, be sure to put your trust in the VX Sport.

- Water-cooled, 4-cylinder, 1052cc, DOHC, 20-valve
- Multi chine VX hull
- Extended rear platform and tow hook
- Convex dual mirrors
- Ideal for wakeboarding and other watersports
- Yamaha Engine Management System (Y.E.M.S.)<sup>®</sup>
- Yamaha Sound Suppression System (Y.S.S.S.)<sup>®</sup>
- Multifunction digital meter
- Hyper-Flow, high pressure jet pump
- Hydro-Turf<sup>®</sup> mats
- Automatic bilge system
- Yamaha's Visibility Spout<sup>®</sup>

## ***A WaveRunner for the world to enjoy***

True affordability in 4-stroke watercraft – that's what Yamaha's engineers have achieved with the design of the VX series. And, in doing so, they have attracted an entirely new generation of enthusiasts to the water.

Featuring the most fuel efficient engines in the industry, agile handling and a range of great practical features, VX series craft are just as suited to active watersports as they are to relaxing on the water.

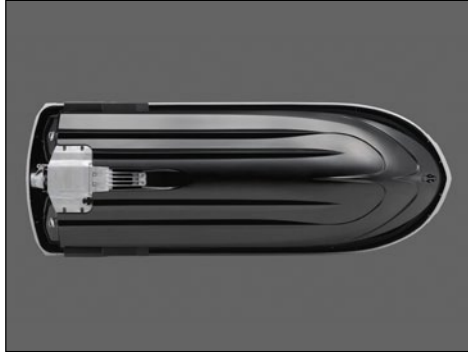

Beneath simple and clean lines, the entry-level VX Sport is packed with advanced, efficient technology – making it the ideal choice for riders who want to spend less on fuel and more time having fun.

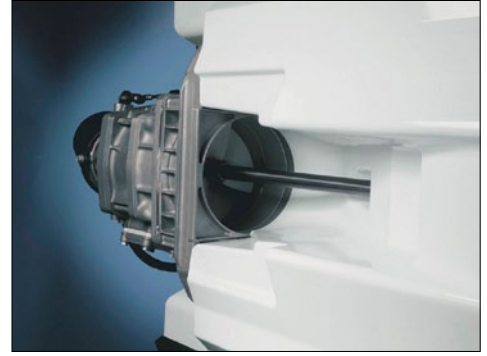

### High-power DOHC sports engine

The VX Sport is powered by an ultra-lightweight, water-cooled, 4-cylinder, 1052cc, DOHC, 20-valve engine. Electronic Fuel Injection (EFI) helps make it the most fuel efficient engine in the industry, delivering smooth, high-power output with low fuel consumption and exhaust emissions. The large 60 litre fuel tank lets you ride for longer.

### Multi chine VX hull

An easy handling, stylishly sleek black hull is one of the reasons that VX watercraft are so popular. The semi-V shape delivers responsive handling and neutral turning performance, but also remarkable stability and comfort – qualities you might not expect from a three-seater craft – even in challenging, changeable water. Feel it to believe it.

### Hyper-Flow high-pressure jet pump

Unique technology lies behind the legendary WaveRunner reputation for exhilarating handling and exciting performance. Outstanding bite and acceleration are possible through the combination of a high-flow intake, the Hyper-Flow high pressure jet pump and a stainless steel impeller running within a precision engineered housing.

### Welcome aboard – extended rear platform

The exterior look of the VX Series, as well as its appeal for watersport fans is enhanced by the luxurious and practical extended rear platform. Every VX model also welcomes you on board with comfortable, slip resistant Hydro-Turf<sup>®</sup> mats – another real pleasure to look forward to after wakeboarding, skiing or swimming with friends.

### Just pack up and go

Generously sized storage facilities offer a great deal of useful space for personal items. With 57 litres of storage available in total, the bow locker and glovebox are perfect for those items that are essential to your adventure.

### Convex dual mirrors

The entry level model in the VX Series, the VX Sport is now fitted as standard with convex dual mirrors. They provide clear rearward vision to help you keep an eye on what's going on behind you and are particularly valuable when towing a skier, wakeboarder or water toy.

Engine	
Engine type	4-cylinder, 4-stroke, DOHC, 5-valves
Supercharger	-
Displacement	1,052cc
Bore x stroke	76.0 mm x 58.0 mm

### The Yamaha Chain of Quality

Yamaha technicians are fully trained and equipped to offer the best service and advice for your Yamaha product. For this reason, Yamaha strongly recommends visiting an official Yamaha dealer for all your service requirements. Yamaha Marine Parts & Accessories are especially developed, designed and tested for our Yamaha product range. Yamaha also recommends the use of Yamalube<sup>®</sup>. Yamalube<sup>®</sup> is our own range of high-tech lubricants, the lifeblood of Yamaha engines. They are developed to carry on working effectively, no matter where you drive.

Besides functional and style accessories, Yamaha offers a range of high quality, innovative boating gear. An extensive range of casual wear is also available. For more information go to:

All information in this brochure is given for general guidance only and is subject to change without prior notice. We should all exercise POWER WITH RESPONSIBILITY and help preserve the great sporting opportunities and enjoyment we all derive from our involvement with personal watercraft. You must recognise too, that your Yamaha WaveRunner is actually a boat, so please learn and follow all the rules of the sea and waterways, take professional instruction where possible, and obey local rules and regulations, which may differ greatly from area to area. The photographs featured show boats being driven by professionals and no recommendation or guidance in respect of safe operation or style of use is intended or implied by the publication of any of these images. Read all instruction materials carefully before setting out and ALWAYS wear recommended protective clothing and a life preserver or lifejacket when boating. NEVER DRINK AND RIDE.
