

Escape the ordinary

No matter whether you're a new or experienced rider, the XJ6 Diversion has the quality to ensure every ride is filled with enjoyment and satisfaction.

From the lightweight cast wheels that keep unsprung weight low to the 41 mm front forks and monocross rear suspension that deliver impressive roadholding, this is a superior all-rounder. The 600cc liquid-cooled 4-cylinder engine produces effortless fun performance, especially at low revs.

The XJ6 Diversion lets you appreciate your journey: adjustable handlebars guarantee a comfortable riding position and a half-fairing protects you from wind and other elements.

- 600cc fuel-injected 4-cylinder engine
- Superb handling and easy braking
- Lightweight cast wheels
- Easy-to-handle power delivery
- A great all-round performer
- Available with ABS as standard

***Yamaha XJ Series
motorcycles: real
riding pleasure.***

Yamaha motorcycles never compromise on quality, and this is reflected in the design and performance of the XJ Series. When you're comfortable on a motorcycle, that's when you have fun. Whether leisure riding or commuting that's what the XJ Series will mean: real riding pleasure.

Yamaha's Art of Engineering philosophy makes you feel at one with the machine, and the XJ Series' 4-cylinder engine is crucial to this with smooth power delivery whenever you open throttle. This combination of cutting-edge technology and attention to detail is paramount to the XJ-Series and creates the confidence every rider should experience.

Power you can handle

Enjoy easy, smooth power whether it's on the city streets or as you open up and head into the country. The 600cc fuel-injected engine is superbly responsive and a newly designed clutch makes for much smoother gear shifting. An aerodynamic half-fairing will help to protect you from the elements whatever speed you're at.

Great roadholding and excellent handling

The reassurance of taking the twists and turns that make for an enjoyable ride comes from knowing you have excellent support underneath you. The XJ6 Diversion features 41 mm front forks and monocross rear suspension, as well as lightweight cast wheels to keep unsprung weight low – and to guarantee a smooth ride.

Enhanced agility

Great torque at low revs is a signal that the XJ6 Diversion means business – but it's the inclusion of a four-into-one exhaust with midship muffler which contributes to centralise mass, that underlines this bike's enhanced agility. You'll also feel in command, too, courtesy of adjustable handlebars that allow you to dictate the best riding position.

New lightweight frame

Yamaha has given the XJ6 Diversion a new tubular frame that has been designed to provide easy handling. It also helps to emphasise the bike's slim appearance – and it weighs in at an impressively lightweight 211 kg.

Storage that suits you

The XJ6 Diversion is a motorcycle that can cope with your flexible lifestyle. For added functionality we offer as Genuine Yamaha accessory a sturdy rear carrier and a big 46-litre topcase so you can easily stow away an overnight bag or shopping. An under-seat storage compartment features a U-lock for added security.

ABS as standard

Ride with increased confidence thanks to responsive ABS, which helps prevent skidding and brings you to a controlled stop.

Engine	
Engine type	liquid-cooled, 4-stroke, DOHC, forward-inclined parallel 4-cylinder, 4-valves
Displacement	600cc
Bore x stroke	65.5 mm x 44.5 mm
Compression ratio	12.2 : 1
Maximum Power	57.0 kW (78PS) @ 10,000 rpm
Maximum Torque	59.7 Nm (6.1 kg-m) @ 8,500 rpm

The Yamaha Chain of Quality

Yamaha technicians are fully trained and equipped to offer the best service and advice for your Yamaha product. For this reason, Yamaha strongly recommends visiting an official Yamaha dealer for all your service requirements. Yamaha Genuine Parts & Accessories are especially developed, designed and tested for our Yamaha product range. Yamaha also recommends the use of Yamalube®, our own range of high-tech lubricants, the lifeblood of Yamaha engines. They are developed to carry on working effectively, no matter where you ride.

Besides functional and style accessories, Yamaha offers a range of high quality, innovative riding gear designed to keep you comfortable and protected, both on- and off-road. An extensive range of casual wear is also available. For more information go to:

www.yamaha-motor.co.uk/accessories

Always wear a helmet, eye protection and protective clothing. Yamaha encourages you to ride safely and respect fellow riders and the environment. Specifications and appearance of Yamaha products shown here are subject to change without notice and may vary according to requirements and conditions.
