

King of the urban jungle

It's a jungle out there in the big city – a tough environment that requires a tough motorcycle. This street version of the legendary XT breed – famed for their Paris-Dakar desert rally performances – lets you tackle the urban scramble like no other bike.

Packed with Supermotard technology, the XT660X is alive with punchy single-cylinder horsepower. Delivering a new kind of street performance, this bike boasts a fuel-injected, liquid-cooled engine and a taut chassis spec that's got all the traction and turning you're ever going to need.

The XT660X – stick it in a tight corner and watch it come out fighting.

- Tough bike for tough urban conditions
- Single-cylinder, liquid-cooled engine
- Super-responsive handling
- Aggressively styled bodywork
- 17 inch aluminium wheel rims
- 320 mm front disc brake

Conquer the urban jungle

Yamaha bikes have a reputation for smashing through boundaries and taking it to the extreme. We've proven ourselves time and time again on the professional competition circuit – and it's this experience that helps us produce high-tech bikes that deliver winning performances on the street.

It's a jungle out there in the big city, a tough environment that demands tough motorcycles. Nothing can take on the urban landscape like Yamaha's street bikes – engineering masterpieces that boast awesome technology, power, and agility. They'll get you where you want to go in a flash... and in spectacular style, too.

Dominate the urban jungle

This bike was created to cut and thrust on the city streets and down your favourite back road. It's built tough to survive the rough and tumble of modern life – being the street version of the legendary XT series, as made famous in the gruelling Paris-Dakar rally.

An engine with punch

Crucial for a tough street bike, this engine's alive with punchy horsepower, but the lightweight single-cylinder engine also offers 60.0 Nm of torque for incredible acceleration at low revs.

Super-responsive

Everything from the ground up is designed for an ultra-responsive performance. There's fuel injection for instant throttle response, while ultra-agile handling is aided by 43 mm front forks and swingarm Monocross rear suspension.

Tough steel frame

For all the traction and turning you'll ever need, the XT660X's rigid steel diamond frame exudes toughness, and uses wheels sporting fat tyres on 17 inch alloy rims.

Total control

For superb braking performance on city streets or on country roads, this machine is equipped with a huge, full-floating 320 mm front disc. The bike's racy riding position puts you totally in control, too.

Let the fun begin

This XT's race-inspired design has everything you need to get down and have some serious fun, while the bike devours the roads. Aggressively styled bodywork gives you a commanding presence on the streets.

Engine	
Engine type	Single cylinder, liquid-cooled, 4-stroke, SOHC, 4-valves
Displacement	660cc
Bore x stroke	100.0 mm x 84.0 mm
Compression ratio	10.0 : 1
Maximum Power	35.3 kW (48PS) @ 6,000 rpm
Maximum Torque	60.0 Nm (6.4 kg-m) @ 5,250 rpm
Lubrication system	Dry sump
Carburettor	Fuel Injection
Clutch Type	Wet, multiple-disc coil spring
Ignition system	TCI
Starter system	Electric
Transmission system	Constant Mesh, 5-speed
Final transmission	Chain

Chassis	
Frame	Steel tube diamond shape
Front suspension system	Telescopic forks
Front Travel	200 mm
Caster Angle	26°
Trail	94 mm
Rear suspension system	Swingarm, (monocross)
Rear Travel	200 mm
Front brake	Single Disc, Ø 320 mm
Rear brake	Single Disc, Ø 245 mm
Front tyre	120/70R 17M/C
Rear tyre	160/60R 17M/C

Dimensions	
Overall length	2,240 mm
Overall width	845 mm
Overall height	1,230 mm
Seat height	875 mm
Wheel base	1,505 mm
Minimum ground clearance	210 mm
Wet weight (including full oil and fuel tank)	181 kg
Fuel tank capacity	15 litres
Oil tank capacity	2.9 litres

The Yamaha Chain of Quality

Yamaha technicians are fully trained and equipped to offer the best service and advice for your Yamaha product. For this reason, Yamaha strongly recommends visiting an official Yamaha dealer for all your service requirements. Yamaha Genuine Parts & Accessories are especially developed, designed and tested for our Yamaha product range. Yamaha also recommends the use of Yamalube®, our own range of high-tech lubricants, the lifeblood of Yamaha engines. They are developed to carry on working effectively, no matter where you ride.

Besides functional and style accessories, Yamaha offers a range of high quality, innovative riding gear designed to keep you comfortable and protected, both on- and off-road. An extensive range of casual wear is also available. For more information go to:

www.yamaha-motor.co.uk/accessories

Always wear a helmet, eye protection and protective clothing. Yamaha encourages you to ride safely and respect fellow riders and the environment. Specifications and appearance of Yamaha products shown here are subject to change without notice and may vary according to requirements and conditions. For further details, please consult your Yamaha dealer. Please check availability of colours with your local Yamaha dealer.
